"Drive responsibly" was carried out for the first time in Bulgaria on September 25th, 2008 in Vidin. The initiative was preceded by a pilot action on September 24th. With the support of Vidin municipality we set up the simulators on Bdin square in front of the City court.

During the first day we had 30 participants in the driving simulator and in the alcokart and around 100 other visitors. During the second day despite the heavy rain we had 49 participants in the driving simulators and 9 in the alcokart and around 60 other visitors.
